

Doughnut Economics

ideas for Ireland's Citizens Assembly on Biodiversity Loss

Kate Raworth

September 2022

A compass for human prosperity

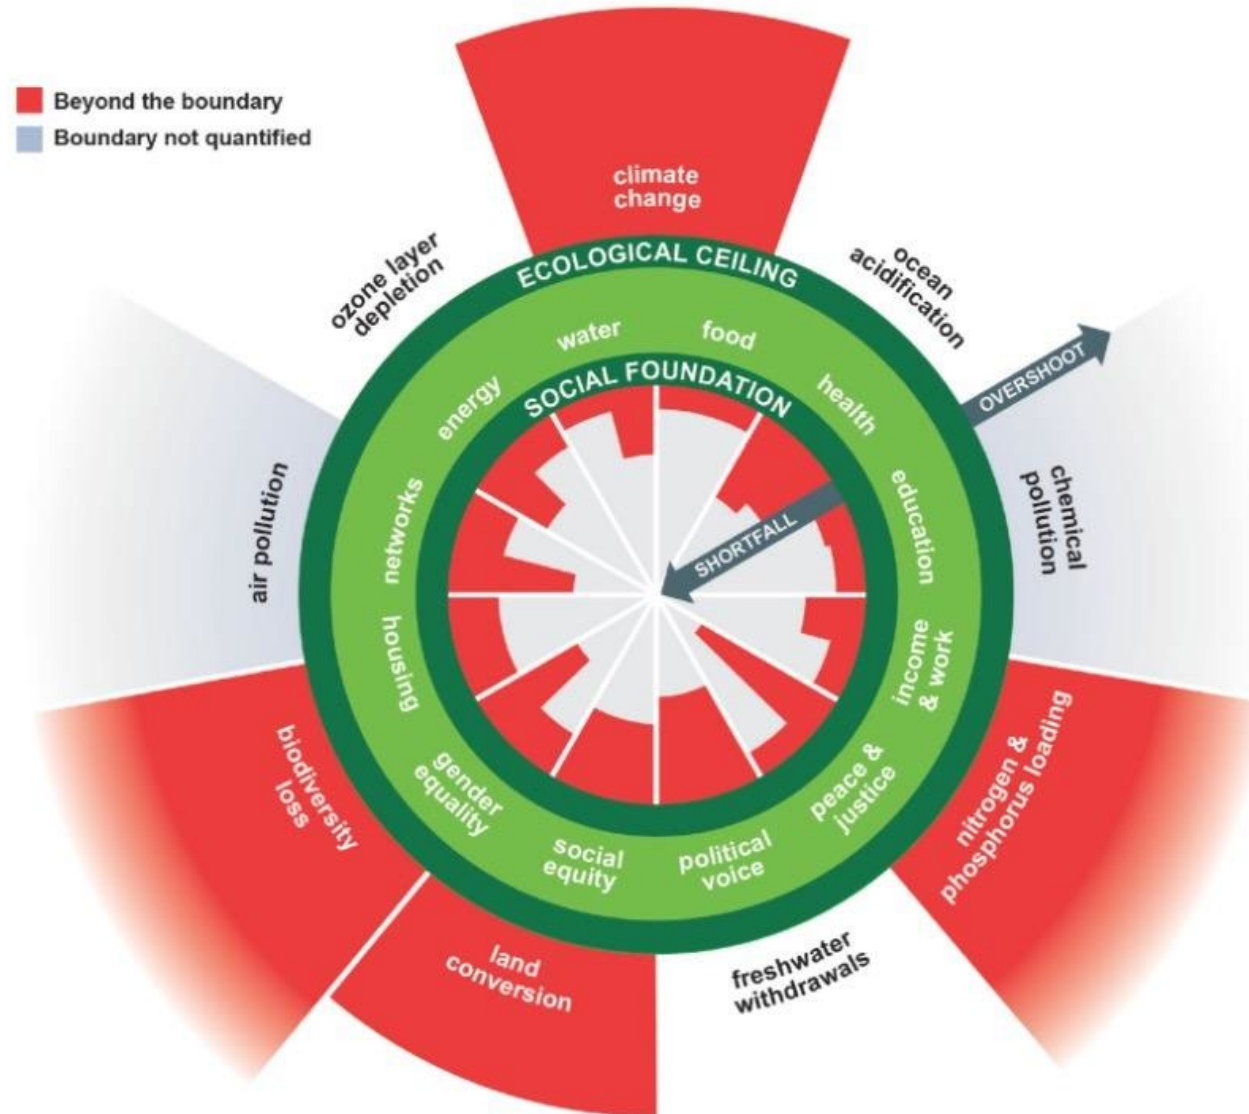

Leave no-one in the hole

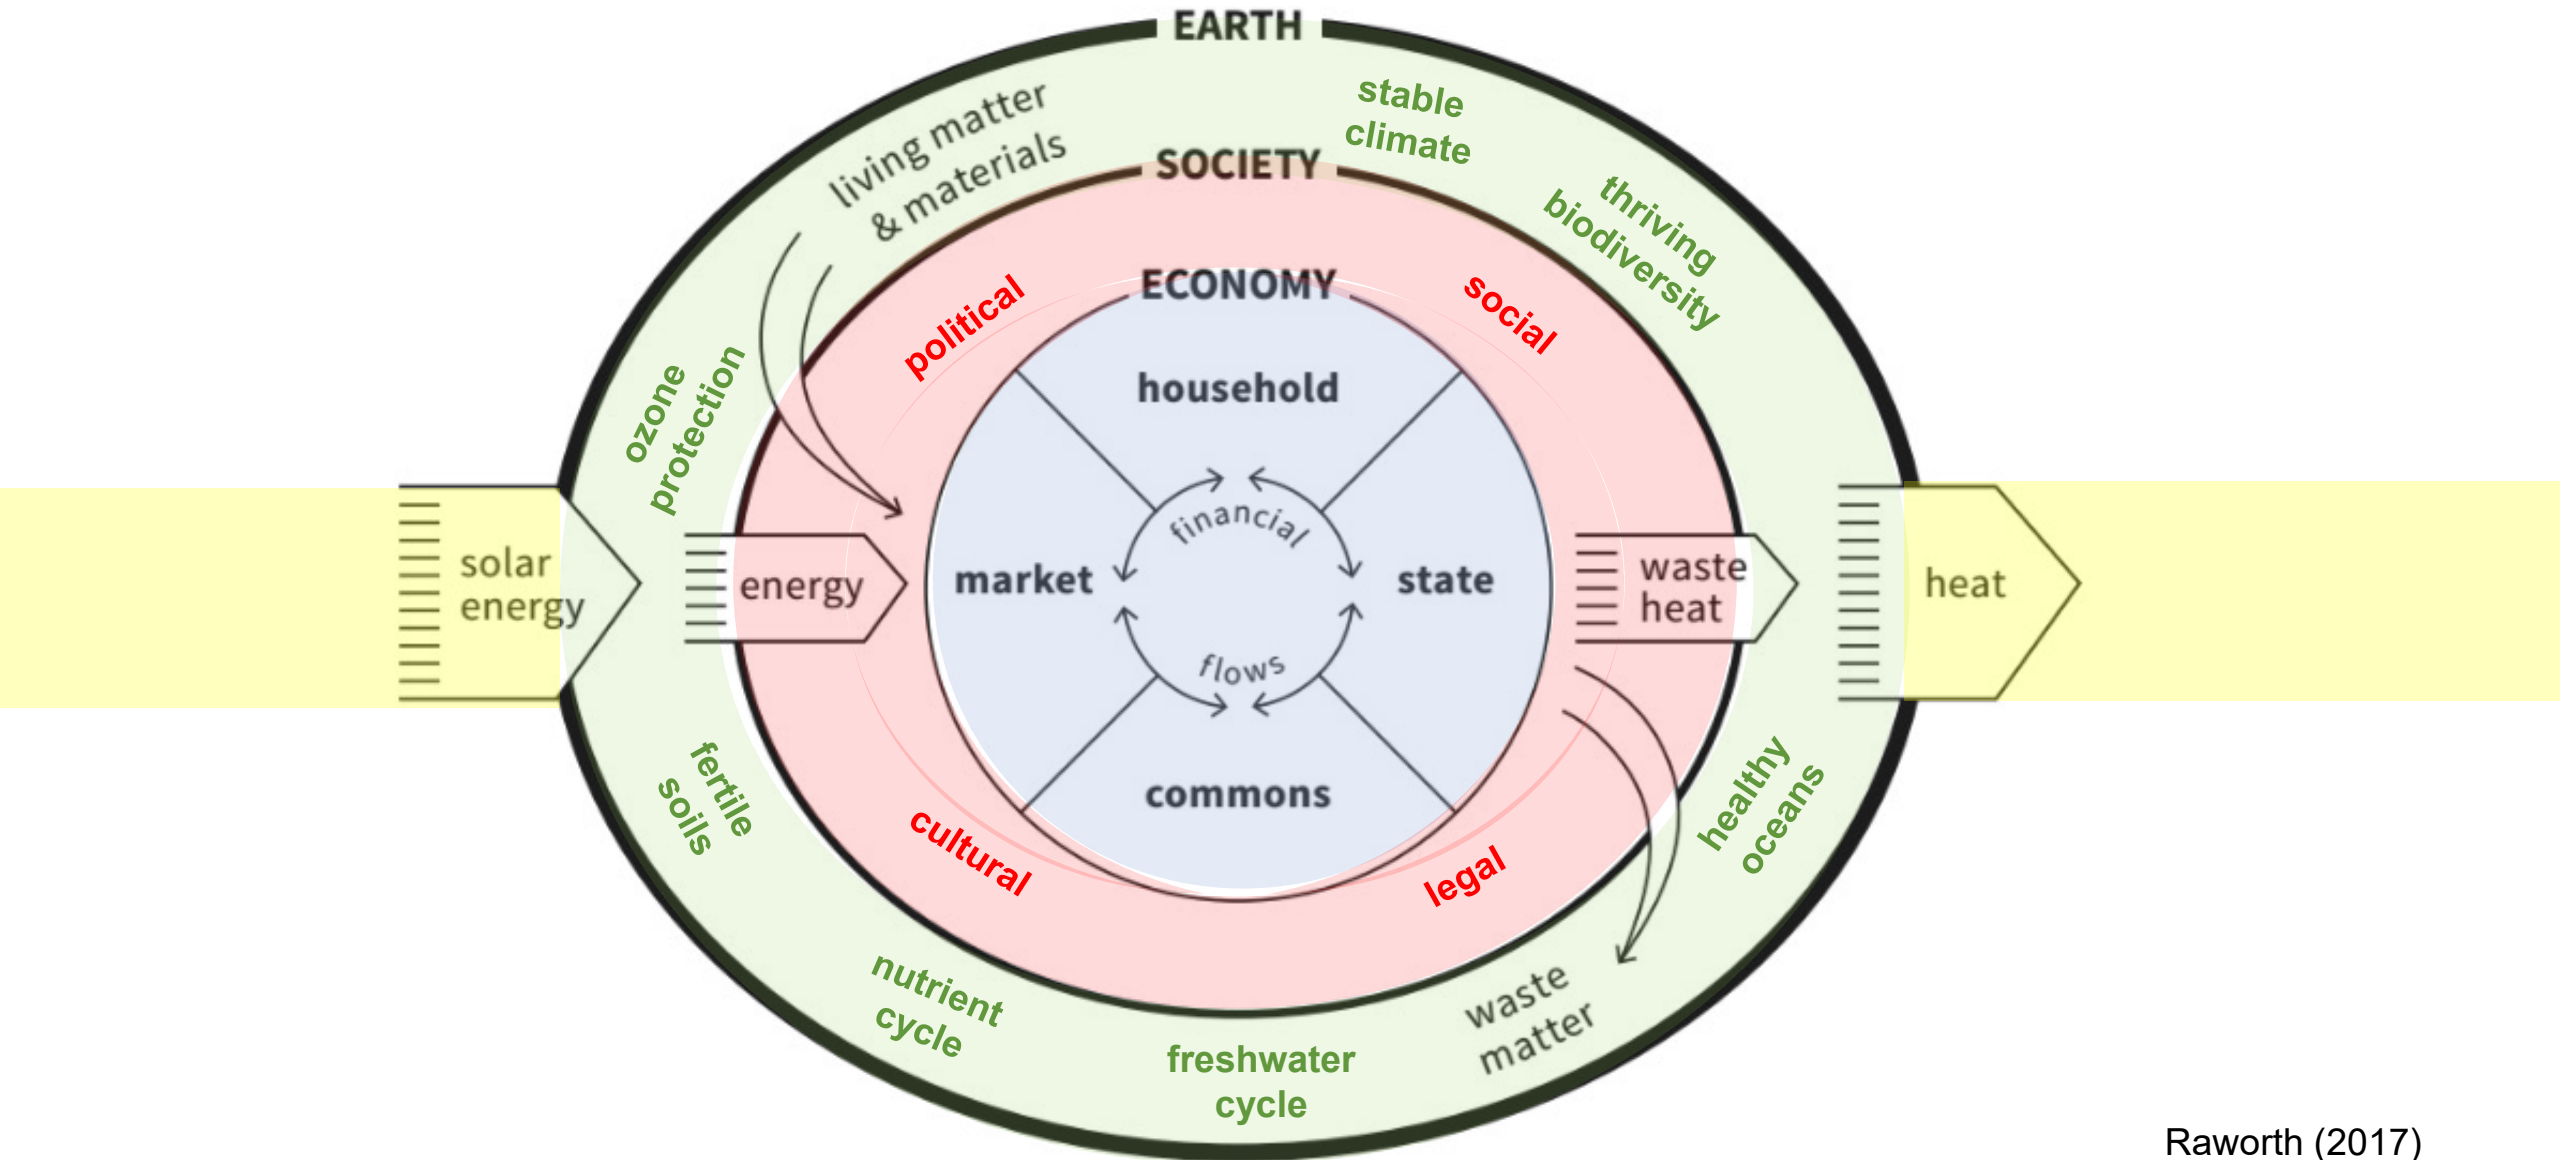

Don't overshoot Earth's limits

Enable people & planet to thrive

Humanity is living dangerously out of balance

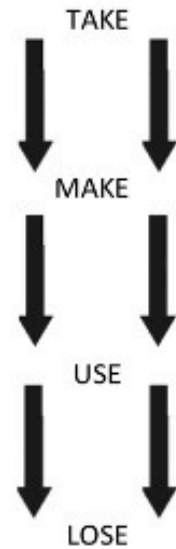

The Economic Big Picture

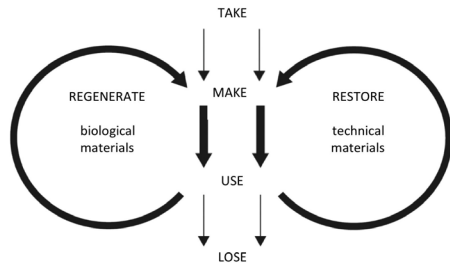

To change the future, change the dynamics

Degenerative

running down Earth's
life-supporting systems

Towards regenerative futures

What will be Ireland's regenerative solutions?

Regenerative agriculture - France

Nature in the city – New York

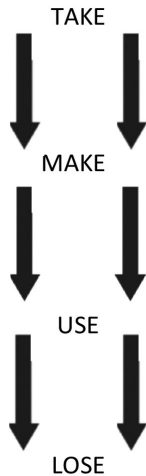

Rewilding - Scotland

Circular construction - Amsterdam

The state has many powers to act

How can we leave behind degenerative ways and biodiversity loss?

Purpose

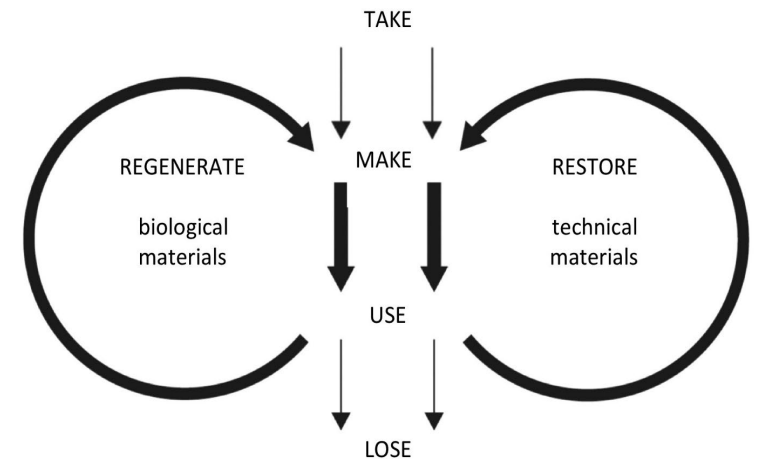

Networks

Governance

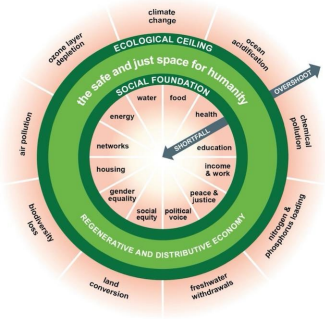

Ownership

Finance

How can we create a regenerative future and thriving biodiversity?

For thriving biodiversity

Purpose

What's the nation's vision for the future?

Is it ambitious enough?

Networks

Is it known and shared across society?

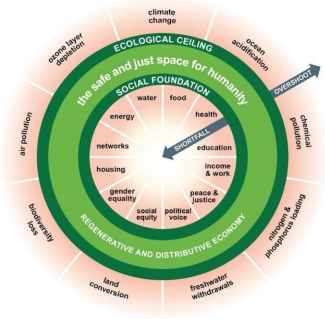

Does it guide decision-making?

Governance

Ownership

Finance

For thriving biodiversity

Purpose

What kinds of relationships need to be forged?

Networks

What new collaborations around complex challenges?

Governance

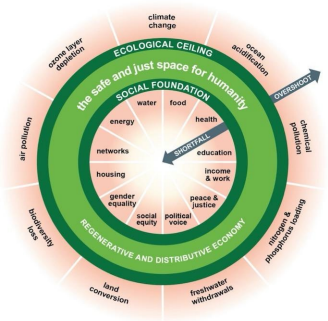

Which powerful existing networks need to be counterbalanced?

Ownership

What can be learned from success in other nations?

Finance

For thriving biodiversity

Purpose

Networks

Governance

Ownership

Finance

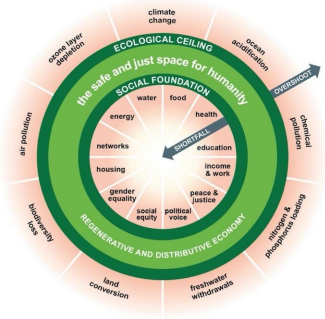

Whose voice is heard in decision making?

What new regulations are needed?

How can they best be enforced & monitored?

What will be the metrics of success?

For thriving biodiversity

Purpose

Networks

Governance

Ownership

Finance

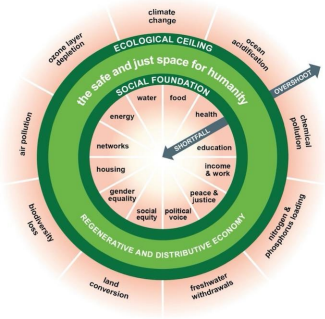

Who owns and manages rural land?

Who owns and develops urban land & buildings?

Who owns and operates major industries?

What is each of their roles in transforming?

For thriving biodiversity

Purpose

Networks

Governance

Ownership

Finance

How can finance support rather than undermine the living world?

How can annual budget cycles be harnessed?

How can subsidies and taxes promote a regenerative future?

What role for public procurement?

What's the role and impact of private finance?

Degenerative economy

Losing biodiversity

POWERS TO ACT

Regenerative economy

Thriving biodiversity

What still
draws us back?

What can we
stop
let go of
leave behind
?
